SHARED USE VS. EXCLUSIVE USE: Exclusive use of Alpine Meadows requires both a guaranteed contract for a minimum of 300 persons during peak periods and a specific request for exclusivity. The event must also be scheduled and a deposit received at a time when no other contracts are written for the same time period. If multiple groups do share the facility we will always attempt to create as much privacy as possible. There may be contact with other groups at meals, but otherwise, cabins and lodges are not shared.

RESERVATIONS: We ask for a 25% deposit to reserve space. This amount is based on a contract minimum number of guests. Your group will be charged for this minimum number so please plan carefully. It is generally best to reserve at least 6 months to a year in advance due to demand, though anytime that you call, we will do our best to accommodate your group. Some holidays and exclusive contracts may require a 35% deposit to hold a reservation.
